### **Message from General Pervez Musharraf President Islamic Republic of Pakistan**

It gives me immense pleasure to learn that the Provincial Ombudsman Secretariat Balochistan in collaboration with Local Government & Rural Development Department Balochistan, Gender Justice Through Musalihat Anjuman Project (GJTMAP), UNDP Balochistan is holding a Seminar on the topic "Justice for All" at Quetta on 4th November, 2006.

The Supreme Court of Pakistan has declared 2006 as the year of Justice for All. It is a matter of great satisfaction and pleasure that the Provincial Ombudsman Secretariat, Balochistan is carrying forward this mission of providing affordable justice in an excellent manner. The role of the ombudsman is critical to provide relief and justice to the people of country. I am sure that this Seminar would go a long way in further improving the process of providing inexpensive justice at the doorstep of the people of the country, which is also one of the main objective of the Government.

The efforts of the Ombudsman Secretariat Balochistan and UNDP are appreciable for promoting and strengthening the alternate dispute resolution mechanism. I hope this joint Seminar would be a milestone in this endeavor. I wish participants all the success.
